legable. #3: Big or small is the school? United Kingdom universities are mostly in size in terms of student enrollment, with some having over 30,000 students and others only 10,000 students. The United Kingdom, for example, is one of the largest universities in the United Kingdom, with over 40,000 students, while London School of Economics has only 12,000 students. Some prefer the intimacy of smaller schools, but others eagerly await the shaking of large o o es ©Ã raredisnoc a laicure rotaf ortuO ?ajesei *Acov euq japicnirp o met .4# !sona s²Art rop siam airatsog *Acov euq ohnamat o eribos etnemadnuforp rasnep ed es- euqiflreC The universities you are thinking of participating in the offer or program you want to do. You must find this out since the innio - well before you register - you will be requesting an admissive in an specific academic program and not at the university as a whole. (Remember that this is a great difference between the United Kingdom universities and the US!) I do your research on all the schools you are looking for to confirm that they are actually the specific program in who wants to register. Do you want to study QUAMICA? Then make sure the University of the United Kingdom you are considering has a graduation in Quemica! #5: What types of extracurricular does it have? Whether you are a social, sports or activist type, you probably want a university that offers a decent variety of extracurricular activities, including clubs run by students and sports teams. Seeing the Vares of Extracurricular that a university has can help you imagine how you can fit it. Usually, the largest universities in the UK offer more extracurricular, as it has to meet the diverse needs of its largest student bodies. Therefore, if the extracurricular are important to you, you can provide a little more at the time of the larger universities in the United Kingdom than the minors when you register. That said, even smaller universities can have traditional traditions and clubs. #6: Does it offer any professional/research opportunity? Finally, you should analyze whether the United Kingdom universities that you are thinking of offering opportunities to gain experience at work or research. These professional opportunities can come in the form of stupids, research projects, communion/voluntary service options and so on. If a It is particularly important for you and your course, specifically look for "research intensive" universities.
